Sir:

Petitioner, Research In Motion Limited, having its place of business at 295 Phillip Street, Waterloo, On, CANADA, represents that it is the sole owner of the entire interest of the above-identified application and that the Assignment of all rights in connection therewith has been recorded on April 09, 2002, at Reel 012792, Frame 0360.

Petitioner hereby disclaims, except as provided below, the terminal part of any patent granted on the above-identified application which would extend beyond the expiration date of the full statutory term, defined in 35 USC §154-156, of U.S. Patent No. 6,664,930 which is commonly owned.

Petitioner, however, does not disclaim the terminal part of any patent granted on the instant application prior to the expiration date of the full statutory term, defined in 35 USC §154-156, of U.S. Patent No. 6,664,930 in the event that Patent No. 6,664,930 expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. §1.321, has all claims cancelled by a reexamination certificate, is reissued, or is otherwise terminated prior to the expiration of the above-referenced full statutory term, except for the separation of legal title as stated above.

This disclaimer is to be binding with respect to any patent granted on the above-identified application, and is binding upon grantees, their successor, or assigns of any interest.

The undersigned is an attorney of record in this application and is empowered to act on behalf of Research In Motion Limited for execution and submission of Terminal Disclaimers, in accordance with the provisions of 37 C.F.R. §1.321(b) and (c).

The undersigned further states that the evidentiary documents have been reviewed and certifies that, to the best of the Assignee's knowledge and belief, title is in the Assignee seeking to take action.

The undersigned hereby declares that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine, or imprisonment, or both, under Section 1001 of Title 18 of

the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,
